## PURPOSE

The Board of Directors is the key strategic decision-making body for the Trust and it is their role to set the overall strategic framework for the Multi-Academy Trust and to ensure all statutory duties are met. The Board is responsible for ensuring that there is a medium to long-term vision for its future and that there is a robust process in place for achieving its aims. This process must address the fundamental questions of where the organisation is now, where does it want to be in the future, and identify how it is going to get there. This Development Plan sets out the Trust’s overall vision, our values and priorities for the year ahead. The diagram below describes how the Plan is aligned to and drives the School Improvement Planning process for the Trust. The priorities contained within this Plan will be reviewed annually.

## **THE INTENT OF THE CURRICULUM**

We believe in the widest possible horizons for learning and aim to achieve the finest 3-16 education for all of our students.

The vision of SWIFT (Success, Will, Inspire, Future, Triumphs) Academies is that each child experiences excellence with care every day.
